

# FLAIR – CAPRI

## Fixed and Adjustable Aluminium Awnings

Come rain or shine, you'll love what a Flair or Capri Awning can do for your home.

It will keep the hot summer sun off your windows and make it so much cooler inside (and protect your carpet and furnishings from fading).

Stormy Weather? It's much cosier when there's a sturdy Flair or Capri Aluminium Awning sheltering your windows, doors and patio.
